

慶祝孔子誕辰

Celebration of Confucius Birthday

孔子周遊列國，以「仁義道德，禮儀廉恥」為靈丹，救中國數千年來不滅亡。

現在我要用「仁義道德」和「孝、悌、忠、信、禮、義、廉、恥」這八德，來周遊聯合國；用這帖靈丹，來救全世界，全人類青年人的靈魂、生命和本性。

- 宣化上人

Confucius traveled among the feudal states of ancient China teaching humaneness, justice, virtue, propriety, righteousness, integrity, and a sense of shame. His wonder drugs are responsible for keeping China together as a society for two thousand years.

Now I want to travel among the United Nations with these qualities of humaneness, justice, virtue, filiality, brotherhood, loyalty, trustworthiness, propriety, righteousness, integrity, and a sense of shame, using this elixir to save the souls, lives, and inherent natures of all youngster throughout the world.
